

NORTHERN WATER PUBLIC RECORDS REQUEST POLICY

POLICY STATEMENT

The Northern Colorado Water Conservancy District, Municipal Subdistrict, Northern Colorado Water Conservancy District, and related enterprises (collectively "Northern Water") are quasi-municipal subdivisions of the State of Colorado. As such, Northern Water is subject to the requirements of the Colorado Open Records Act, C.R.S. 24-72-201, et seq. (commonly known as "CORA") which provides that "...the official custodian of any public records may make such rules and regulations with reference to the inspection of such public records as are reasonably necessary for the protection of such public records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian of his office."

This policy sets forth rules for the inspection of public records in the custody or control of Northern Water. These rules are necessary to ensure the protection of such records and prevent unnecessary interference with the custodian's regular discharge of duties. These rules also provide instructions to the public for submitting CORA requests and lists the standardized fees for the time and resources used in researching, reviewing, preparing, and producing such records. C.R.S. 24-72-203

Northern Water will not accept a request that is incomplete or does not contain all required information. The Records Custodian will notify the requestor if the request is not accepted or if the payment of fees is required. COLLECTION OF PUBLIC RECORDS

Northern Water will respond to most requests for Public Records within three business days. Requests received after 4:00 p.m. on a business day, weekend, or holiday will be considered to have been received on the next business day. The response time begins the first working day following acceptance of the request and payment of fees (if applicable).

The Records Custodian may determine that up to a seven-working-day extension for extenuating circumstances is needed as described in C.R.S. 24-72-203(3)(b). If an extension is necessary, the Records Custodian will notify the requester in writing of the need for additional time.

NORTHERN WATER PUBLIC RECORDS REQUEST POLICY

FEES

At its discretion, Northern Water may charge a fee (billed in half-hour increments) for the time needed to research and retrieve Public Records. This fee shall be the maximum hourly rate specified in C.R.S. 24-72-205(6)(a). There is no charge for the first hour of time expended as provided by statute.

If a request is expected to require more than one hour to fulfil, the Records Custodian will provide the requestor a cost estimate in writing which includes time needed for staff to research, retrieve, redact, assemble, and transmit the requested records. The requestor must approve the cost estimate in writing and pay the fee in full before Northern Water will begin fulfilling the request. Northern Water will notify the requestor if it later determines that the costs associated with the research and retrieval of the records are likely to exceed the original estimate. Northern Water will refund any excess payments. Payment, accepted by check or cash only, may be made in person or mailed to:

Northern Water
220 Water Avenue
