C-BT Workshop #1  
Tuesday, April 7, 2020, 2-4 p.m.  
DoubleTree by Hilton, 919 7th St., Greeley, CO 80634

2 p.m.  Welcome and Workshop Goals ................................................................. Brad Wind  
        General Manager, Northern Water

2:10 p.m.  What is the Colorado-Big Thompson Project? .............................................. Jerry Gibbens  
            Director of Operations, Northern Water

Discover how the Colorado-Big Thompson Project was conceptualized and built. Learn about West Slope collections, transfers through the Adams Tunnel, hydropower generation, East Slope distributions and how this project pays for itself.

2:30 p.m.  Key Roles of U.S. Bureau of Reclamation .................................................. Jeff Rieker  
            Area Manager, Eastern Colorado Area Office

Learn how Reclamation’s roles work in the C-BT Project.

2:45 p.m.  Northern Water’s Role in the C-BT Project .................................................. Karen Rademacher  
            Director of Administration, Northern Water

Northern Water and the U.S. Bureau of Reclamation jointly operate the C-BT Project. Hear more about our partnership with Reclamation and our management role. Plus, learn about inclusions, allotment contracts, assessments, quota allocations, water scheduling and more.

3:15 p.m.  Northern Water’s Expanded Role .............................................................. Brad Wind  
            General Manager, Northern Water

Outside of the C-BT Project, Northern Water also operates numerous other projects and are working on two new proposed projects. Learn about our water quality and water efficiency efforts, while also hearing how we are advocates on a variety of state and federal issues on behalf of our constituents.

3:45 p.m.  Special Programs and Policies ................................................................. Karen Rademacher  
            Director of Administration, Northern Water

Plus, a sneak peek at upcoming workshops to learn more about the C-BT Project.

4 p.m.   Adjourn
